Practice Test 3

- Have the UI design reviewed against its wireframe (image files are attached in the Appendix for reference) by a GPT model (ChatGPT, Gemini, DeepSeek, etc.) from a UI test analyst's perspective.

- Were you able to follow the prompt structure used in the course example? Did you make any improvements to the prompt for a better outcome?

- Which GPT model provided the most satisfactory results?

- Were you able to transfer the review results into the required format?

Practice Test 4

- What prompt would you use to get the best user experience recommendation for the following page?
  https://infinitehealing.co.uk/checkout/

- How satisfied are you with the outcome generated by your prompt?

- On a scale of 0 to 10 (with 10 being excellent), how would you rate the current page based on the outcome of your prompt?

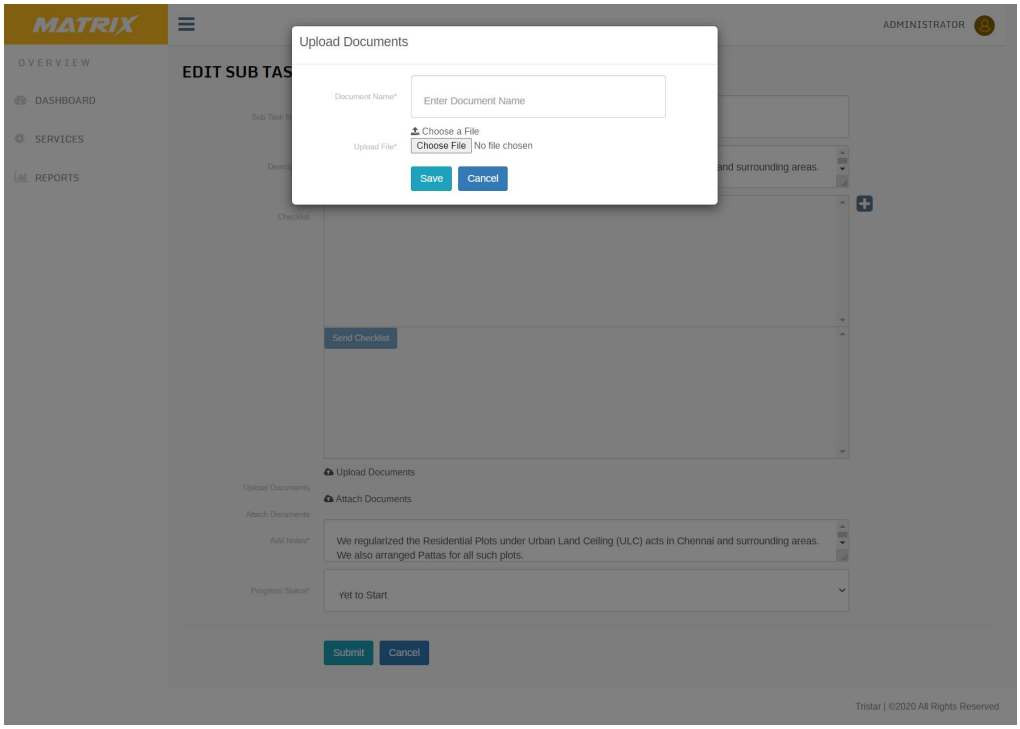

- Which GPT model provided the best results?
